About Us

Barometer Capital Management Inc. ("Barometer") is an independent privately held asset management firm that manages discretionary investment portfolios for private investors, foundations and endowments. Our stated purpose is to earn consistent, absolute returns while preserving capital. While managing money is not an exact science, it's not a guessing game either. Barometer reads underlying economic currents that signal changes to the markets. Those market signals tell us what to expect so we can prepare and manage effectively. Comprehensive, proprietary research coupled with our market and sector risk models help us to not only recognize opportunities but protect capital as well. For instance, when pockets of strength are identified, investments get concentrated there for as long as each remains strong and capital grows. Conversely, when indicators suggest market or sector weakness, capital is protected and preserved through the tactical use of cash equivalents. Our Disciplined Leadership Approach™ focuses on producing consistent, absolute returns.

Breadth – Bullish Percent¹

As at March 31, 2019

▶ This week ● Last week

(1) Bullish % refers to the percentage of stocks within the respective universe that are currently on point-and-figure buy signals. This is considered a long-term breadth indicator. (2) Percent above the ten-week moving average refers to the percentage of stocks within their respective universe that are currently above their ten-week moving average. This is a short-term breadth indicator and is subject to frequent change. "Canada" includes all securities that are domiciled in Canada. "NYSE" includes all securities that are traded on the New York Stock Exchange. "World" includes all securities traded on every exchange globally that is covered by Dorsey Wright and Associates.

The offering of shares in any of the Barometer Private Pools is made pursuant to the offering memorandum only to those investors in jurisdictions of Canada who meet certain eligibility requirements. Share values and investment returns will fluctuate.

Commissions, trailing commissions, management fees and expenses all may be associated with private pool investments. Please read the offering memorandum carefully before investing. Unless otherwise indicated, the indicated rates of return are the historical compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Private pools are not guaranteed, their values change frequently and past performance may not be repeated.

Private pool strategies and current holdings are subject to change.
